Excellent collaboration skills

## SUMMARY

Skilled Front-end developer, adept in delivering top-notch web apps with a keen eye for user experience, ensuring timely, cost-effective solutions both solo and in teams.

## EXPERIENCE

### Software Engineer

MFSYS Technologies (Pvt) Ltd.    03/2023 - 08/2023    Islamabad

MFSYS Technologies is a multinational banking automation company with offices in Pakistan, Canada, and Australia.

- Project Management**-Enhanced app security by integrating Firebase Auth using Angular, TypeScript, and Bootstrap for user-friendly access.
- Configuration Monitoring**-Developed a robust database monitoring interface with Angular and TypeScript, ensuring seamless data integrity and performance aligned with backend services, complete with real-time tracking for enhanced reliability.
- Backup Utility**-Designed and implemented a comprehensive backup utility, empowering users to safeguard their data effectively.
- Release Management**-Managed end-to-end release processes for software projects, overseeing planning, coordination, and execution.Successfully implemented version control strategies and deployment pipelines, resulting in efficient and error-free software releases.

### Web Developer

OrigionSol Pvt.    07/2022 - 12/2022    Islamabad

OrigionSol is a dynamic IT services firm specializing in AI-driven solutions and software development.

- As a web developer at OrigionSol, I specialized in building static websites. Notable projects included websites for Whales Leadium (a billing company) and Hanabi Flavours (a restaurant). My work involved using HTML, CSS, Bootstrap, and JavaScript to create visually appealing, responsive websites that effectively conveyed each client's brand and services

## EDUCATION

### Bachelor of Science in Computer Science

International Islamic University, Islamabad    09/2018 - 01/2023    Islamabad

## PERSONAL PROJECTS

### Ecommerce

Currently building an eCommerce website with Angular.The website will have a user-friendly interface that is easy to navigate. It will also have a secure checkout process to protect customer data. For sellers, the website will provide a dashboard where they can manage their products, orders.
